Unfair. Imbalanced.

April 1, 2009 - FITSNews founding editor Will Folks (a.k.a. "Sic Willie") today issued the following statement regarding the growing interest among fiscal conservatives in a "Folks for SCGOP Chairman" campaign.

"I have been approached by numerous Republican party activists who have asked me to consider running for State Party Chairman," Folks said. "Out of respect to these individuals – whom I consider to be true Republicans – I cannot completely ignore the suggestion."

Folks said he would reach a final decision on whether to run or not within 48 hours.
