I meant to leave this with you all the other day and I forgot. If you look at this page you will see the motors at the top. It shows our results for 2008 and 2009. Over all I was very pleased, however we have a few that need to pull there load. If this takes place our goals for 2010 will be exceeded. It is broken down by total goals for the team then yearly goals per trooper and then monthly goal to shoot for. Being that the 3 causations violations are speeding, seat belt and DUI I broke them down in the goals. I really want to make sure that the motor unit focuses on these violations and make it a priority in your enforcement efforts. If you have any questions pertaining to these stats please call me directly.
